

PROMISE REPORT ON SUGAR PROBE WITHIN FEW DAYS

Statement of Findings Expected in 24 Hours

(By The Associated Press) WASHINGTON, April 18.—The department of justice investigation of the sugar price advance, inaugurated several weeks ago, reached the point today where officials were able to promise a statement of results within twenty-four hours.

Acting Attorney General Seymour after presenting a report on the inquiry to President Harding the second within two days announced that it had been decided to show at least a part of the government's hand tomorrow. He refused to give any advance information as to the course of the investigation which has been conducted largely thru United States District Attorney Hayward at New York, the controlling sugar market of the country.

The progress of the justice department's inquiry has been communicated from the start to Attorney General Daugherty who is recuperating at Asheville, N. C. from his recent illness. Mr. Seymour said, and it was learned that the president discussed the matter with Mr. Daugherty today by telephone.

The fact that the acting attorney general had found it necessary to present a report today supplemental to that laid before the cabinet yesterday was generally construed as indicating additional developments in the inquiry.

Decline to Discuss Phase

Mr. Seymour declined however, to discuss this phase of the matter, meeting all inquiries with the assertion that he would withhold his statement until tomorrow. The president received information on the sugar situation also during the day from Senator Wadsworth, Republican, New York, who has just returned from a trip to Cuba, Jamaica and Panama. The controversy over responsibility and the justification of the increase in sugar prices, which broke in the senate shortly before the adjournment of congress, led Senator Wadsworth to make a study of the matter while in Cuba with the result, he told the president that he was convinced there actually had been a decrease in production in Cuba, the chief source of the American sugar supply.

Senator Wadsworth took issue with those who have contended that the Cuban planters voluntarily decreased their acreage, pointing out that sugar cane is a crop which in Cuba is put out not annually but only every six to ten years and cannot be increased in any appreciable change in acreage in a single crop year. He attributed the lessened production which he said he had been informed would amount to about 20 per cent to neglect of the growing crop by the planters because of the low prices they had obtained for the previous crop and to drought.

The tariff commission continued its study of the situation today, endeavoring to complete its preliminary report to the president as to the responsibility of the new tariff rates for the advance in prices.

UNEMPLOYED AND POLICE IN CLASH

(By The Associated Press) ESSEN, April 18.—Clashes between unemployed and the police was reported today from various parts of the occupied area. The most serious disturbance was at Mulheim where a crowd attacked the town magistrate's office. One German was killed and 17 wounded in a clash with the security police.

The unemployed at Muelheim had been reinforced by men from Duisburg, Oberhausen and nearby towns and marched to the town hall to present their demands for increased allowances. Admittance to the town hall was refused the men, whereupon the crowd began a violent demonstration which included throwing stones thru the windows. The firemen and police turned the hose on the multitude, which only served to increase the anger of the mob. The workers then attacked the police who retaliated with revolvers and bayonets. Two of the men wounded probably will die. In Essen and Duisburg unemployed men on parade had minor clashes with the police and firemen, but there were no casualties. Discontentment among the unemployed also is reported from Elberfeld and Barmen in unoccupied territory.

REICHSTAG DEBATE OVERSHADOWED BY BIG SLUMP IN MARK

May Mean Resumption of Reparations Conversations

(By The Associated Press) BERLIN, April 18.—Today's spectacular slump in the mark temporarily overshadowed interest in the reichstag debate on Baron Von Rosenberg's speech and while financial experts assert that the mark for a long time has been due for another drop "on general principle" political circles profess to see in the sudden rise of the dollar the first harbinger of an early resumption of reparations conversations.

Despite the alleged indifference with which Baron Von Rosenberg's speech was received in Paris and London, parliamentary circles incline to the belief that the government's latest utterance was anything but a negative manifestation and that "Cuno's hat is in the ring by virtue of both the tenor and contents of that speech."

The usually placid course the partisan debate moved is taken as a further indication that the reichstag majority, with the inclusion of the United Socialists, has accepted the government's statement as affording a serviceable basis for initiating amicable reparations negotiations.

Responsible for Improvement It is this belief largely shared by house financial circles that is thought to be responsible for almost fifty per cent of the improvement in the dollar which temporarily touched 34.000 in this connection it was reported that the sudden change in the reichsbank's program for steady- ing the mark was due to differences between Herr Hermes, the finance minister and Herr Haverstein of the reichsbank with respect to the bank's policies.

It is impossible however, to establish whether the rap- up- accounts for the bank's decision temporarily to abandon its supporting action which has been carried on for the past ten weeks with the aid of its reserves of foreign monies.

Whether these have reached a low ebb, or Herr Haverstein has concluded to keep his reserves locked up, awaiting possible resumption of reparations payments was also a topic of speculation around the house and reichstag. Interest also centered on the report that the reichsbank has deposited 300,000,000 of its gold reserve with English, Dutch and Swiss banks. This fund, it was stated, was sent abroad where it can be immediately mobilized for stabilization purposes.

NEGOTIATE WAGE SCALE ADVANCES

(By The Associated Press) CINCINNATI, O., April 18.—Coming directly on the heels of reported wage increases in other industries, the Big Four Railroad system announced today it had negotiated satisfactory wage-scale advances with its maintenance of way employees and received a request from the railway clerks of the system asking for a conference to discuss increased wages. The basis of the agreement was not announced today. W. Newbarger, supervisor of the wage bureau of the system said, on account of incompleteness of the entire wage scale of all the maintenance of way employees. Three sections of the maintenance of way men on which definite scales have been agreed on are:

Mechanics, section foremen, and section laborers. The wage scale committee has not agreed as to the amount of increase to be given mechanics' helpers, crossing flagmen and common laborers. Mr. Newbarger said. There is no large division between the officials of the system and the representatives of the employees relative to the wage scale of the maintenance of way employees not decided upon and it is said the gap will bridge probably tomorrow or Saturday.

ITINERARY FOR HARDING'S TOUR IS CONSIDERED

Thus Far Dozen Cities Have Been Given Tentative Place

(By The Associated Press) WASHINGTON, April 18.—Plans for President Harding's western trip this summer have developed to a point where a detailed itinerary is under consideration at the white house. Thus far a dozen cities in the central and western states have been given more or less definite position on the list of places where important addresses are to be delivered. Named in the order in which the president expects to visit them, they are:

St. Louis, Kansas City, Denver, Salt Lake City, Los Angeles, San Francisco, Seattle, Portland, Helena, Minneapolis, Chicago, and Detroit.

Others may be added later when it becomes possible to select exact dates and make up precise schedules of travel. Originally Mr. Harding had planned to deliver in the neighborhood of twenty speeches, and he still believes he could carry out that program without overtaxing his physical strength. Some of his advisers have urged that he confine himself to the lesser number, however, particularly in view of the fact that he expects to extend the trip to Alaska for an inspection of the detailed problems of administration there.

ACCUSATION THROWS D. A. R. INTO UPROAR

(By The Associated Press) WASHINGTON, April 18.—Mrs. William Cumming Story of New York, one of the three avowed candidates for election as president-general of the Daughters of the American Revolution, announced her withdrawal from the race while nominations were being made tonight at the annual congress of the society.

Announcing that she was withdrawing in favor of Mrs. Anthony Wayne Cook of Pennsylvania, Mrs. Story told the delegates she did so in repudiation of a campaign based upon defamation of the character of a candidate.

The statement threw the convention into an uproar. Mrs. Story's allusion to defamation of character was declared by her friends to have been directed at the circularization among members of the organization of a letter said to have reflected on the war record of Mrs. Cook's son.

The letter had been denounced by Mrs. Cook as untrue. Members of the Pennsylvania delegation backing her up with the announcement that proofs of denial in affidavit form were held at the Pennsylvania headquarters.

UNION OFFICIAL DISPUTANT WITH R. R. STOCKHOLDERS

Says Policy of Directors is One of Rule or Ruin

(By The Associated Press) NEW HAVEN, Conn., April 18.—A labor union officer today was a disputant in the annual meeting of the stockholders of the New York, New Haven and Hartford railroad company. The officer was Robert Henderson of Readville, secretary of the federation of shop craft on the system which since July 1, last has conducted a strike of shopmen.

Mr. Henderson held a proxy for a stockholder. The question under discussion was adoption of a motion to issue \$5,000,000 in bonds to provide for new equipment and to reimburse the treasury for cash expended for various purposes. Mr. Henderson said that the policy of the directors was a "rule and ruin" one and asked if it was to be continued. He said that the officials should have settled the shopmen's strike, "instead of trying to wreck the unions."

"I am not a paid labor agitator," said Mr. Henderson, "but when the New Haven road locked out its shopmen—for it has been a lockout since September—they drove five thousand men on to the bricks. You have created Bolshevists among men who do not want Bolshevism, is there no justice in this board? I say the employees had cause to strike. If the directors continue this policy of rule and ruin and then ask for more bonds to buy equipment while good equipment out of repair is on the lines, this road will never be better."

"I want to say that if the stockholders want this policy of your directors continued there is no hope for the road. I could talk for hours and show you things you don't know. I was offered proxy after proxy by stockholders but I did not need them. I only want to tell you that I am not a paid labor fakir. I have been a worker in the shops all my life."

WOLGAST'S DOUBLE DIES IN INSANE

(By The Associated Press) PEORIA, Ill., April 18.—While Ad Wolgast is claimed to be alive in Los Angeles, death last night of "Ed" Wolgast at the Peoria Insane Asylum brings to light one of the greatest cases of similarity on record.

Frances Wolgast, a sister of Ad Wolgast, telephoned from Cadillac, Michigan tonight inquiring about the dead man and furnished a complete description of her brother. This checks in almost every detail. Ad had a broken nose, a scar on one of his legs, and a broken arm. So had this man. Ad had a scar from an operation for appendicitis and so had this man. Both are the same age, same weight and same height. Ad never had "cauliflower ears," neither has this man. The dead man was taken into the asylum about three months ago. Little is known of him. He has the appearance of having been a prize fighter. The body is being held.

ATHLETIC WOMAN RUNS DOWN THIEF

Berkeley, Cal., April 18.—Mrs. Charles Boynton an athletic club woman dropped a purchase containing jewels and several hundred dollars as she boarded a street car here today.

CITY OF CHICAGO LOSES LIBEL SUIT AGAINST TRIBUNE

Supreme Court Declares for Freedom of the Press

(By The Associated Press) SPRINGFIELD, April 18.—Fundamental principles of freedom of speech and freedom of the press were sounded again today by the Illinois supreme court in holding that a city cannot sue a newspaper for libel, in the \$10,000,000 suit brought by the City of Chicago against the Chicago Tribune.

An opinion written by Chief Justice Floyd Thompson of Rock Island, reiterates the time-respected idea that a free American citizen may lambast his government to his heart's content so long as he does not advocate destruction of that government by violence or the violation of any established law. The city asked \$10,000,000 from the newspaper, which it charged was the material damages done the municipality by certain alleged libelous statements appearing in the Tribune in the gubernatorial campaign of 1920 in which the Chicago Tribune supported John G. Oglesby and the city administration supported Len Small.

It was alleged by the city that the newspaper published, "false, scandalous and defamatory matter," which it charged, resulted in injury to the credit of the city and led many persons to believe it would be dangerous to invest in bonds. The court did not pass upon the truth or falsity of the statements published nor of the merits of the political controversy between the parties but went straight to the question of freedom of speech delving into the history and tradition of this inalienable right, finally concluding that "the American system of government is founded upon fundamental principle of government that the citizen is the fountain of all authority."

Freedom of Speech.

Arguing from this basis, and after reviewing the struggle for freedom of speech, the court said: "The fundamental right of freedom of speech is involved in this litigation and not merely the right of liberty of the press. If this action can be maintained against a newspaper it can be maintained against every private citizen who ventures to criticize the ministers who are temporarily conducting the affairs of his government. Where any person by speech or writing seeks to persuade others to violate existing law or to overthrow by force or other unlawful means the existing government he may be punished; but all other utterances or publications against the government must be considered absolutely privileged."

In conclusion the court said: "It is better that an occasional individual or newspaper that is so perverted in judgment and so misguided in his or its civic duty should go free than that all citizens should be put in jeopardy of imprisonment or economic subjugation if they venture to criticize an inefficient or corrupt government."

"We do not pass upon the truth or falsity of the publication nor the merits of the political controversy between the parties. We consider the question solely from the standpoint of public policy and fundamental principles of government. For the same reason that members of the legislature, judges of the courts and other persons engaged in the administration of justice are absolutely immune from actions, civil or criminal, for libel or words published in the discharge of such public duties, the individual citizens must be given a like privilege when he is acting in his sovereign capacity. This action is out of tune with the American spirit and has no place in American jurisprudence."

FRISCO OBSERVES ANNIVERSARY OF FIRE

(By The Associated Press) SAN FRANCISCO, Cal., April 18.—Memories of the day when San Francisco was shaken by an overly rough seismic hand and swept by a sea of flames from the Dolphine of the old East Street docks to the Chinatown and the mansions of nob hill were vividly revived today, the seventeenth anniversary of the disaster. The parade that started from the reconstructed East street now known as the embarcadero passed thru the heart of the city, which was also the heart of the great fire area, with its desert of dead walls, brick heaps and ashes.

The crowning event of the day was the burning of the old schooner Mindoro in the day as an exposition of fire quick destructiveness and an argument for fire prevention.

RUTHENBERG JURY NEARLY COMPLETED WEDNESDAY NIGHT

Both Sides Have Only Few Peremptory Challenges

(By The Associated Press) ST. JOSEPH, Mich., April 18.—The jury to try Charles E. Ruthenberg of Cleveland, charged with criminal syndicalism, virtually was complete tonight and indications are that opening statements will be started no later than tomorrow afternoon. The last man of the original panel of thirty-six was called to the box just before adjournment tonight after the state had exercised the third of its forty peremptory challenges. The defense also has one left. As a precautionary measure four additional veniremen were drawn tonight and will be ordered to report tomorrow morning.

William Z. Foster, first man tried under the Michigan law against syndicalism and who is waiting retrial, the jury having disagreed, arrived today. Thomas O'Flaherty of Chicago, another of the defendants who is waiting trial is also here. Whether the defense will attempt to use either Foster or O'Flaherty as a witness has not been revealed. If either is called it will raise the question of the right of a co-defendant to testify, providing the state chooses to object.

TEN MAROONED ON FOX ISLAND

(By The Associated Press) GRAND RAPIDS, Mich., April 18.—Nine men and a woman are slowly starving to death on Fox Island in Lake Michigan, 13 miles off Northport, Leelanau county, and are unable to reach the mainland on account of huge ice floes in the lake.

Word of their plight was received here tonight from Gilman Dame former state food and dairy inspector who appealed to the Grand Rapids Herald by telephone to obtain an airplane from Seldridge Field, Mount Clemens for their rescue.

Three other men, who were on the island, reached the mainland today. They left in a small boat which was crushed to pieces by the ice and made the remainder of the distance by jumping from one floe to another, according to Mr. Dame.

NOTED LECTURER TO ARRIVE TODAY

Dayton, O., April 18.—Forethought of Clyde Reitz, army air service mechanic who groomed the monoplane, T-2, for its record breaking endurance flight of 36 hours, 5 minutes and 20 seconds, in placing an extra gasoline gauge in the ship made possible replacing of a broken one and eliminating possibility of ill-effects. John A. MacReady and Oakley Kelly being forced down on that account.

PROPOSERS OF MARKETING BILL CLASH AGAIN

Diverse Views Appear in House Committee

(By The Associated Press) SPRINGFIELD, Ill., April 18.—Proposers of the senate co-operative marketing bill clashed again today when the measure appeared in the house agriculture committee.

The chief arguments like those advanced in the senate committee a few weeks ago, were that the bill was a boon to the farmer and that it was inimical to their interests.

The meeting lasted from 2.30 p. m., until after 8 o'clock. A. C. Everingham, secretary of the Illinois Agriculture association spoke at length in behalf of Co-operative Marketing as provided for by the Lantz bill, as did S. H. Thompson, president of the Illinois State Agriculture commission.

E. C. Rockwell, representing Chicago Dairy men who are members of the Milk Producers' association declared against the bill which allows eleven or more persons to organize co-operative societies to market farm products.

Some opponents emphasized that not the farmers but the members of such co-operative societies would benefit if the bill is enacted. Representatives of the Chicago city council expressed opinions the measure would increase the cost of farm products to city consumers.

The house committee is expected to report the bill favorably soon.

Anti Ku Klux Klan Bill

Passage by the house of the bill of Representative Roberts, Republican and negro of Chicago, directed against the Ku Klux Klan, and approval by the senate of the \$10,500,000 appropriation to the University of Illinois were among the chief developments in the assembly today.

The Roberts bill, which prohibits persons, masked, robed or hooded to conceal identity from appearing in public, received a vote of 107 to 3 and now goes to the senate. The appropriation measure goes to the governor who is expected to veto about \$1,000,000 which appropriates that amount for new buildings.

In urging passage of his bill Representative Roberts denounced the Klan at length. "Its very name is foul, wicked and criminal," he declared. "It is a lineal descendant of the Klan of reconstruction times. There is little difference between the stand the members of the Klan today and that taken by the beasts fifty odd years ago."

Representative Ben L. Smith, Democrat, Pekin, announced he had received a letter signed "Klanman" which asked him to vote for the Roberts bill and which said the Klan favored it. He said he thought a Pekin business man wrote the letter.

Representative Devine, Dixon, minority leader said he too had received the endorsement and said his circular bore the name of William Joseph Simmons, a high Klan official.

The house passed the Ritshaw bill increasing the relief of the blind adults from \$150 to \$250 a year. Its consideration had been postponed several times. The senate bill creating the Spanish American war memorial commission also passed the house.

They demanded that the notes be exchanged for others. When this was refused the visitors seized six million marks in other German currency, leaving the reputed notes with the bank.

A THOUGHT

Rejoice not against me, O mine enemy; when I fall I shall rise; when I sit in darkness the Lord shall be a light unto me.—Micah 7:8.

Let none henceforth seek need—less cause to approve the faith they own; when earnestly they seek such proof, conclude they then begin to fail.—Milton.

MOVIE WEALTH

(NEA)

Ruth Roland is said to be the richest of the movie stars. This is the talk around Hollywood, where she is believed to be worth a trifle of three million dollars. Ten years ago she was buying a \$750 lot in Los Angeles on the installment plan—\$10 down and \$10 a week.

A lot of the talk about the fabulous wealth of movie actors, of course, is press-agent bunk. But the stars unquestionably are not on the road to the poorhouse, you'll reflect as you ponder some of their evidences of wealth:

Mary Pickford and "Doug" live in a palace on an estate at Beverly Hills, Calif., valued at \$350,000. Charlie Chaplin has a \$100,000 home. Anita Stewart's Los Angeles home is worth \$125,000, which she rents at \$1000 a month and lives in a bungalow.

What do they do with their money? The richest, Ruth Roland, is understood to prefer endowment insurance, but the insurance people turn her down as a "bad risk," on account of her dangerous stunts.

Tom Mix and Bill Hart own big ranches. Most of the stars say they have wisely salted their surplus funds in reliable bonds. Mary Pick-

ford is rumored to have a million and a half in Liberties. Harold Lloyd, soon to be a millionaire, likes railroad bonds.

As a side-line some of the stars breed prize animals—gout, dogs, cattle and terriers.

Pretty soft, pretty soft! The big incomes of the movie stars are made possible by what business men call "quantity production." A picture can be displayed simultaneously in a thousand movie theaters, each spectator paying a profit to the star, whereas even the greatest actress on the legitimate stage is limited to audiences averaging only a few thousand paid admissions each.

Henry Ford works on a similar principle of quantity production. So do the phonograph makers, and so on.

Wealth in the movies, however, is a reflection of the other phases of life—a very few get huge incomes, and these are the lures for the millions struggling to reach the same goal.

Foolish young girls without talent who lose their mental balance when they read about the millionaire movie stars should remember that where there is one wealthy star there are hundreds or even thousands of "sapes" who are barely managing to get by—and who never will get higher.

BERTON BRALEY'S DAILY POEM

MUTUALITY

By Berton Braley

"THE world is a small place after all!"—

A trite remark as you may recall, But nevertheless that threadbare phrase is so. And it's certainly great, beyond a doubt, As hither and thither you roam about.

To meet somebody who knows somebody you know!

"WHAT! You know Jones? Bill Jones, my friend? Well say, will miracles never end?"

Why, gosh, I've known him since ever so long ago!" Then you and the stranger feel like chums, For a sense of intimate friendship comes.

When you meet somebody who knows somebody you know!

THE ice is melted and stiff restraint

Is one of the things that was, but ain't. And your heart is glowing a constantly warmer glow;

For next to meeting a friend from home There's nothing cheerfuller as you roam.

Than meeting somebody who knows somebody you know!

The first few rehearsals for the Dokay Minstrel Frolie exceeded the speed limit in arousing the enthusiasm of the members of the cast, and the director, Mr. Crabtree, has professed his astonishment at the amount of talent he has found here.

The "Minstrel Frolie," the home talent play of many scenes, pretty girls, clever dancers, good voices, popular song hits, gorgeous costumes and scenery will be presented at the Grand Theater on Monday and Tuesday nights, April 23 and 24.

The minstrel circle is composed of 31 men arrayed in gorgeous silks and satin costumes tailored by one of the most exclusive tailoring houses in the country. The scenery, too, in this scene is entirely of silk and satin and would do credit to any professional show on the road today. Nothing has been left undone by the Harrington Adams Inc., the producing company staging this production, to guarantee a show of splendor, originality and pep.

The after parts feature a bevy of beautiful Jacksonville girls, dancing, singing, and comedy abound in each of the several scenes, and you may rest assured that if you see the "Minstrel Frolie," you are witnessing one of the best amateur productions ever staged in Jacksonville.

LEGION TO SHARE IN MEMORIAL EXERCISES

Post Arranges to Take Active Part in Programs—Will Send Firing Squad to Arcadia—To Present Budget for Celebration

The American Legion post, at its meeting Tuesday, made arrangements for participation in Memorial Day exercises. It was decided that the Legion would take an active part in the program. It was also decided to send a delegation of men, including a firing squad, to Arcadia cemetery, to have part in the services there. The firing squad will go thru the ceremonies over the graves of ex-service men buried at Arcadia.

It was also decided at the meeting to send a committee to confer with the Chamber of Commerce executive board at its session Thursday evening, with the purpose of presenting the budget for the big celebration to be held June 15, when the new soldiers' building is to be dedicated. Commander Kehl of the Legion, and Dr. E. L. Hill, managing officer of the State Hospital, will confer with the directors.

The budget of the Spanish War Veterans for the holding of the convention in this city has already been approved by the Chamber of Commerce. It amounts to \$1,000, and it is understood that the Legion budget will be practically the same.

The "Tackling" Spirit

Altho additional subscriptions must be sought to take care of the shortage in the hotel subscription fund, it is not too early to say that Jacksonville has done a very big thing in subscribing more than \$200,000 to this hotel project. This is really the largest sum that has ever been raised in Jacksonville in so short a time, as only a few weeks have been spent in securing this amount.

More than a year ago the talk about a new hotel crystallized into the appointment of a Chamber of Commerce hotel committee. Meetings were held from time to time and finally the organization plan was agreed upon. This plan contemplated interesting a small group of men at a time until the total of 100 was secured, who thoroughly understood the hotel needs and what the erection of such a building would mean to the city.

When the plan had been "sold" to the 100, then the preparations were made for the general subscription campaign. It is recognized that a hotel stock subscription is not a gift but an investment. However, those in charge of the campaign have at no time laid special stress upon the investment feature. While they were willing to suggest the possibilities of a fair return upon the investment, they did impress the thought that the subscribers should aid the project more with the thought of building up the home community rather than taking strict account of the investment feature.

At the original meeting of the subscription selling campaign a splendid response was made and the enthusiasm which was apparent then was carried to some degree through the succeeding weeks until the sum total of

\$201,000 was reached last night. This indeed is a community enterprise and those who have studied most carefully the hotel needs of the city and what adequate hotel facilities have meant to other cities are firm in the belief that the new hotel project will prove to be one of the greatest boosts to Jacksonville that the city has ever known.

One speaker last night referred to the water project and the hotel project as the two biggest things that have been put over in Jacksonville in many years. As was said of the water project, one of the greatest features about it was the union of effort that it engendered. The same thing is true with reference to the hotel campaign. Men have worked together in a wholly unselfish way in putting over this project. No one has a selfish motive and the project is one for the general good. It is also a matter for felicitation that there never was contention here for securing a company from the outside to put on the financial campaign, as has been done in many cities. Such a plan would have involved the expenditure of from \$12,000 to \$15,000 and even at that local business men would have had to do the solicitation work. By the plan the local committee outlined and the groups of workers made possible, this sum of \$12,000 to \$15,000 has been saved to the people of Jacksonville.

There is the joy of accomplishment that comes to the workers in such an enterprise and this was evidenced last night when several of the men declared: "Now we are ready to tackle some other project." Jacksonville is in the "tackling" business these days, and the "we can and we will" spirit is certainly dominant here.

President H. C. Rammelkamp of Illinois College was in Springfield yesterday attending a meeting of the executive board of the Illinois State Historical Society, of which he has been a member for fifteen years. He was first appointed by Governor Charles S. Deneen.

The board discussed plans for the moving of the historical library from the state house to the new Centennial building, as soon as possible after that structure is completed. The large state library is also to be housed in the Centennial building.

Prof. E. B. Greene, of Illinois University, recently resigned from the board, of which he was the president. Governor Small appointed in his place Prof. Lawrence Larson, also of the university, who attended his first meeting of the board yesterday. The board elected Dr. Otto L. Schmidt of Chicago as its president to succeed Prof. Greene. This was the first meeting under the new organization. There are only three members on the board.

GATES STRAWN HONORED

Dr. Carl E. Black has received from his friends in Washington the information that the Washington Archaeological Society, the most distinguished body of its kind in the country, has invited Mr. Gates Strawn of this city to become one of the small group of men whom the United States to own and control the illustrated monthly magazine published by the society, "Art and Archaeology."

White Hall Church Men Had Banquet
Brotherhood of Church Held Final Meeting of Year Until September—Tenant House Damaged by Fire.

White Hall, April 18.—The final meeting of the brotherhood until September was held in the Presbyterian church Tuesday evening, and there was a large attendance, it being ladies' night. The speaker was Mrs. Gaskin of Alton, who has appeared before the Woman's club, and her presence on this occasion was in response to an insistent demand for her return. She was accompanied by Mrs. H. C. Campbell, a former resident. Mrs. Gaskin followed topics of general welfare. The election resulted in the choice of E. C. Pearce for president, H. H. Griswold for vice president and Grover Thompson, clerk. Miss Etta Gullett sang two selections.

A tenant house on the south end of the F. M. Winters farm, located at the eastern edge of the city, was gutted by fire shortly after 5 o'clock Tuesday afternoon. It is believed that it started by sparks falling on the shingle roof. The entire top was burned, and the building, a story and a half structure, was practically destroyed, entailing a loss of about \$1,000. The fire company made a run to the home of Mont Winters, which delayed the relief work. The house was occupied by Bert Graham. His wife was alone at the time, and he was on his way home from town, the volume of smoke issuing from his neighborhood causing him to run with the result that he reached home in time to be of slight service in removing contents. Neighbors assisted in moving a portion of the household effects, on which there is no insurance. The house is insured.

Says There is No Better Remedy for Kidney Troubles

Than Dr. Carey's Marshroot Prescription No. 777 —Guaranteed

Cincinnati, O., July 25, 1920.—After having been relieved of kidney troubles of several years standing by Dr. Carey's Marshroot prescription No. 777, am exceedingly grateful and loud in its praise—having recommended it to several workers who were also benefited beyond their belief by its use. It is my candid opinion that there is no better remedy than Dr. Carey's Marshroot. August 2nd I received your letter asking permission to reproduce my letter to you (as above). If it will in any way help people to realize the true merits of Dr. Carey's Marshroot prescription, you are at liberty to do so. I suffered great pain for several years and am certainly grateful and feel confident that if people who have kidney trouble will use it long enough to give it a fair test there will be more grateful ones added to the list.—John E. Douglas, 163 W. Court St., Cincinnati, O.

IMPORTANT:—Marshroot Prescription No. 777 is Dr. Daniel G. Carey's own formula. It is not a patent medicine and was originally sold through drug stores to accommodate his patients. You can always get this effective prescription at Coover Drug Co. and reliable pharmacists the country over. (adv.)

MRS. EARLS TELLS WOMEN

How Backache and Periodic Pains Yield to Lydia E. Pinkham's Vegetable Compound

Olean, N. Y.—"Every month my blood would go to my head and I would have such a headache, nose bleed, backache and pains that I could not do my work. At night I could not get my rest and nothing seemed to do me any good. I read some of your testimonials about what Lydia E. Pinkham's Vegetable Compound had done for others, so I decided to try it. I had only taken two bottles when I began to feel better, and my back did not hurt me nor my head ache. I felt like a new woman. The Vegetable Compound is a splendid medicine and I will always recommend it."—Mrs. A. D. EARLS, 530 N. 6th St., Olean, N. Y.

Mrs. Kelsey Adds Her Testimony

Copenhagen, N. Y.—"I read your advertisement in the papers and my husband induced me to take Lydia E. Pinkham's Vegetable Compound to get relief from pains and weakness. I was so weak that I could not walk at times. Now I can do my housework and help my husband out doors. I am willing for you to publish this letter."—Mrs. HERBERT KELSEY, R.F.D., Copenhagen, N. Y.

What to Eat and Why

Making a Big Word an Easy Part of Your Diet

Car-bo-hydrates make up about 60 per cent of the average diet. They produce heat and energy. They are largely secured from the grain and vegetable starches.

In the long, slow baking by which Grape-Nuts is produced from wheat and malted barley, the grain starches are partially pre-digested. They are changed to "dextrins" and "maltozes"—forms of carbohydrates so easy to digest that they form the basis of the most successful baby foods.

Many people have digestive trouble caused by the food-starch in its original form, but Grape-Nuts has been famous for a quarter-century for its exceptional ease of digestion, and assimilation, and

once club Wednesday afternoon. After the business session the program of the afternoon was presented, the opening number being the club prayer, followed by the club song.

The members responded to roll call by selections from James Whitcomb Riley, and many beautiful poems were given, written by this popular author.

There was a paper on James Whitcomb Riley by Mrs. J. H. Spencer, which was a very interesting biography.

At this time a cleverly planned surprise was carried out. The hostess and club members had planned a very interesting surprise for the officers of the club as a token of their appreciation of the efforts of the officers. The officers are:

President—Mrs. R. D. Mawson.

Vice president and press reporter—Mrs. J. L. Solomon.

Secretary-treasurer—Mrs. H. O. Strang.

A special table, handsomely decorated, was then prepared by the hostess and the officers were invited to be seated at the table. The guests and members were then invited to the dining room, where an elaborate menu was served by the hostess in cafeteria style. The first course included chicken sandwiches, creamed potatoes, Italian fruit salad, cherry preserves, while the second course was strawberry-banana short-cake, coffee and nuts. On each of the trays was a card on which the members and guests were to write names.

After the serving of the first course all the members responded to toasts to the officers. These were original and very cleverly composed. The president was

then presented with a beautiful pottery flower bowl, the presentation toast being given by Mrs. W. W. Walker. The secretary-treasurer was then presented a similar gift, the toast being given by the hostess, Mrs. L. C. Collins. There was a similar gift for the vice president, with Mrs. C. T. Daniel giving the presentation speech. Mrs. Daniel also on behalf of the club presented the three officers with carnations and ferns.

It is needless to say that the officers were greatly pleased with the gifts and the tokens of love and appreciation, and expressed their thanks for the courtesy shown them by the club members.

Another interesting feature of the afternoon was a stork shower and sunshine basket for one of the members of the club, Mrs. E. T. Doyle, the members bringing gifts both for the babe and the mother. The meeting was a very pleasant one, everyone present greatly enjoying the occasion.

There were sixteen members and six guests present, the guests being Mrs. C. R. Short and Mrs. C. J. Wright, Jacksonville, Mrs. Warren Jones, Mrs. John Spangenberg, Mrs. W. C. Harms and Mrs. C. J. Solomon of Murrayville.

The next meeting of the club will be at the home of Mrs. Vernon Baker.

LAD BADLY INJURED IN WRECK IS IMPROVING

Condition of Harold Burns at White Hall Hospital Shows Some Improvement — Other News from White Hall.

White Hall, April 18.—It is reported from Walton hospital today that the condition of Harold Burns has improved from the terrible experience in the freight wreck last Sunday morning. He rested well during the night for the first time since the wreck, and hope is rising as to his recovery. The case is now being handled by Dr. E. J. Peek, as Dr. W. C. Tunison's services were held to be no longer needed in connection with Dr. Peek. The attention of the new supervisor, George Chisim, since the boy was brought to town from the scene of the wreck, has won a high place in the affections of those near the case of the humanitary manner in which he took prompt charge with the declaration that he would do all possible for the boy. Harry Lyons, one of the young men who stayed with and worked with the unfortunate youth, highly commends Supervisor Chisim. He says that Mr. Chisim left home just before the dinner hour, with a family gathering to be entertained, and that Mr. Chisim remained with the case until after the dressing and washing at the city building and the patient well located in the hospital, which was well along in the evening. Mr. Chisim was elected on a platform of less expenditure from the poor fund, but there could be no extravagance in this case in the opinion of those familiar with the circumstances.

To Present Oratorio.

In the Christian church Tuesday night was held final rehearsal of the oratorio "Holy City," under the direction of Rev. Ben Claire Crowe of Roodhouse, prior to its repetition on Wednesday night in the Roodhouse Christian church. So many were disappointed in not being able to gain admittance at the previous rendition there on the Sunday night following Easter that the insistent demand for its repetition is to be complied with. It was reported in the Presbyterian church in White Hall on Easter night. The chorus comprises thirty-five voices, of whom twenty-six are from White Hall and nine from Roodhouse. An urgent invitation has come for its presentation in the M. E. church at Carrollton and is being earnestly considered.

News Notes.

A daughter was born to Mr. and Mrs. Henry Day at Walton hospital. It has been christened Betty (Gene). The mother was formerly Miss Mabel Chisim, daughter of Supervisor George and the family resides at Barrow.

Mrs. William Blaser res returned to Beardstown after a stay of the past few weeks with the family of her sister, Mrs. Len Moles, who has experienced the prevalence of illness of recent week. The youthful Moles sisters, coming to be recognized for exceptional talents in music and elocution. The elder, Miss Edna, will probably go to Beardstown next season for musical as well as school training.

Shirley Nesbit, connected with the trainmaster's office of the Burlington, was down from Beardstown for a week and visit with his parents, Mr. and Mrs. A. M. Nesbit. He has been listed with those who are to prepare a railroad exhibit in Whiteside-Griswold memorial library.

Mr. and Mrs. Clarence Nettles of Chicago, are guests at the home of George Chisim on Carrollton street. Mr. Nettles is a postal clerk on the main line of the C. & A. There was quite a company at a Sunday dinner in their honor, including Mr. and Mrs. W. G. Barnett, the latter being one of the local veterans of the civil war.

Roy Hoots, native of Greene county, turns up in the main commercial office of the Western Union in St. Louis, after breezing about the Americas for the past twelve years, and expects to be here for Decoration Day. His brother, Bert, is located at Ashland, and he anticipated locating at White Hall soon in the capacity of interlocking towerman. These boys were born at Barrow, and were reared at Wrights, the family later being located at Jerseyville. Their father, Ephraim Hoots, resides with Bert at Ashland. The mother died about a year ago, and is buried in the Edwards cemetery at Barrow. Bert learned telegraphy at Wrights under Fred C. Knapp, and Roy, the globe trotter, learned at Jerseyville.

Troy Vermillion anticipates an early call to a position in the office of the freight claim agent of the Burlington at Chicago, and his place at the local station will then go to Merle Kesinger, now at Wood River.

REV. M. L. PONTIUS TALKS TO CLUB WOMEN

Local Minister Discussed "Social Unrest" at Meeting of East Side Tuesday Club Held Yesterday Afternoon.

Rev. M. L. Pontius was the speaker at the meeting of the East Side Tuesday club, held Wednesday afternoon at the home of Mrs. J. H. Kennedy, 1127 West Lafayette avenue. This was the third annual address which Mr. Pontius had made to the East Side club and the address which he delivered yesterday was heard with deep interest by the women present.

There was a large attendance, about thirty members and guests being present. The musical program included a vocal number by Mrs. E. L. Hill and a piano solo by Miss Barbara Kennedy. The members responded to roll call by giving a current event.

The theme of Mr. Pontius' address was "Industrial Unrest." A brief outline of the minister's remarks is given herewith:

Signs of Unrest.

"Industrial unrest is indicated by the rise of communism and socialism. The problem cannot be solved by ignoring actual conditions and tendencies. We deceive ourselves if we think the industrial unrest has subsided because comparatively few men need be able at the present time. The greatest problems of our Christian civilization today are social, economic and industrial problems. We shall not solve our social problems until we have a new community conscience. We shall not find a permanent solution to our economic and industrial problems until the farmer is enabled to make a reasonable return upon his investment. The farm is basic in our economic life and while the farmer operates his farm at a loss there is no hope for a satisfactory solution of our economic and industrial problems.

A Moses Needed.

"We need an industrial Moses who will lead our people out of the wilderness of industrial depression and economic stagnation. This leader must have the mind of a statesman and the heart of a savior. We cannot accept the leader from communism or socialism and the sad fact is that our present day civilization is unable to produce the industrial Lincoln who can break the shackles of sordid selfishness that bind the hands and feet of labor and capital.

"We need a new standard of efficiency. Actual inefficiency of capital is often due to inordinate greed. Inefficiency of labor is often caused by the demand that the standards of efficiency and production shall be lowered to the level of the efficiency and productivity of the weakest, least competent man in the group.

The Golden Rule.

"We need a new interpretation and application of religion. Too long we have identified religion as ceremony, ritual, dogma, theo-

logy, and we have lost its spirit. Industrial unrest would disappear at once if employer and employee would imbibe the spirit and apply the principle of religion as taught in the Golden Rule and the Sermon on the Mount. The Man of Galilee wrote nothing. Religion is not an idea that may be expressed in life. The spoken or written word is the vehicle in which the spirit of genuine religion rides into the life of the individual, changing the life and compelling the individual to serve God by serving his fellowmen."

HERBERT LYNCH IS NABBED BY POLICE

Is Arrested While Carrying Heavy Roll of Roofing Paper—Hearing Will Be Held Today—Is Suspicious Character

Herbert Lynch, a colored man who has been under suspicion in connection with a number of petty crimes, was arrested Wednesday morning by local police when he was discovered carrying a roll of roofing paper along the street. Earlier in the morning Patrolman Blue found Lynch crouching in the doorway of the Covel grocery on South Sandy street and told him he had better go home. Lynch left the doorway and the policeman found a storage battery near where he had been crouching.

Patrolmen Williams and Blas then started a search for Lynch and his arrest soon followed. The negro denied having anything to do with the theft of the batteries. Three of these were found later to be missing from the Ransom battery station. A rear window had been broken and the batteries had been taken from a shelf. Two were found, the one in the entrance of the grocery store, and the other back of the battery station.

Lynch was lodged in the station cell, where he remains awaiting a preliminary hearing today. It is not known where he obtained the roll of roofing paper, but he evidently took it from some business house after police had told him to leave the doorway on Sandy street. The roll is full-sized and weighs almost a hundred pounds. What Lynch intended to do with it is a puzzle.

The prisoner is well known to the police as he has been in trouble at various times. Some years ago, he was badly hurt when he fell from a C. & A. train near the river bridge at Louisiana. A portion of his skull was crushed, and a serious operation was necessary in order to remove the affected parts.

WESTERN ILLINOIS MEET AT WINCHESTER

Jacksonville Loses Athletic and Intellectual Meet—One of Oldest High School Organization in State.

Some ten days ago the Journal carried in its news from Winchester an item to the effect that the annual Western Illinois High School league would be held in that city this year.

At a recent meeting of the officials of the league held here there was a dissatisfaction expressed at the attendance here. In recent years this has been so small that it took all the receipts to pay the expenses, leaving the visiting teams to pay their own way.

Representatives from other towns in the league at that time stated that if Jacksonville did not turn out more people that the meet would be taken to one of the other places in the league. This was made good and the meet this year will go to Winchester.

Time was when the Western Illinois, one of the oldest high school organizations in the state was next to the state meet at Hampden in importance. In those days some fifteen cities were in the league. This number has dwindled, however, until now there are about half that number.

As the membership dwindled so also did the attendance. This may be accounted for partially by the Illinois College interscholastic meet. This meet has grown to be one of the greatest in the state and an athlete who can win in this meet gets much more honor than winning in the Western Illinois.

Schools from all this section of state come to the interscholastic. Numbered among the entries are nearly all of the towns that are represented in the Western Illinois. Hence as the meets are so close together the smaller meet suffers accordingly.

Regrets Losing Meet. Jacksonville regrets to lose the Western Illinois. It seems like one of her children. But it is quite probable that the meet will be more successful in some of the smaller cities where the people are not fed up on such events as they are here.

With the interscholastic, several dual colleges meets, and the state intercollegiate meet all booked for Jacksonville this year local residents will have their fill of athletics when several base ball games are thrown in for good measure.

Jacksonville, however, will not leave the Western Illinois. Coach Mitchell is getting his track squad ready and will go to Winchester this year. In the early days local athletes took more interest in the track meet and also had, it would seem, more pride in their school.

When Jacksonville's size is considered in comparison with the other towns in the Western Illinois, her athletes should be ashamed to ever lose the meet. However, in recent years they have lost more often than they have won.

Perhaps if they get keener competition with schools larger than Jacksonville it may arouse interest and cause the men to come out for the team. The material is there but it takes work to bring it out and the coach can't do it unless the students show a willingness to co-operate and do their share.

FIRST GOAL REACHED IN HOTEL CAMPAIGN

Announcement of New Subscriptions Brings
Total to \$201,000 and Workers are Happy
—More Pledges Needed to Take Care of
Shrinkage.

The capital stock in the new Jacksonville hotel last
night reached the mark of \$201,000. At a meeting of the
workers held at the chamber of commerce rooms subscrip-
tions to the amount of \$200,900 were announced and sub-
sequently another share was sold making the \$201,000.

This does not mean that additional subscriptions are
not needed, for it is necessary to provide for a shrinkage
in the subscription fund which is sure to occur. In every
large campaign for funds some subscriptions are unpaid.
It is the belief based upon the experiences of like enter-
prises in other cities that 5 per cent will be the minimum
figure for shrinkage, so that the committee feels that at
least \$10,000 additional must be secured in subscriptions
or provision made in some other way for that amount.

The announcement that the
\$200,000 mark had been reached
was the cause for great enthusi-
asm. There was never any
doubt the total fund being se-
cured, but every member of the
committee was mighty glad when
the announcement of \$200,000
could be made.

New Subscriptions.
announced last night were:
P. C. Primis \$ 100
Edward F. Goltra, St.
Louis 1,000
C. A. Osborne 100
William E. Kritch 100
John T. Walbridge 200
Purity Cleaners 200
Miss A. E. Reiman 100
Amos Swain 100
A. R. Cully 100
T. M. Tomlinson (add.) 100

The subsequent subscription
made by Mr. and Mrs. E. A.
Olds brought the total to \$201-
000.

After the subscriptions had
been read Chairman King called
upon each person present for re-
marks and there was a general
jubilation over the big task ac-
complished.

Campaign work recalled.

Henry Frisch was chairman of
the hotel committee which after-
ward became the executive com-
mittee and for more than a year
past he has devoted a great deal
of time and thought to the pro-
posed enterprise. A series of
meetings was held at Mr. Frisch's
home to interest one small group
of men after another in the hotel
project. M. F. Dunlap attended
each of these meetings and con-
tinuously co-operated in outlin-
ing the financial plan and in im-
pressing upon business men the
need for a hotel and what an as-
set it will be to the business life
of Jacksonville.

Mention was made by J. W.
Merrigan of this special work by
Mr. Frisch and Mr. Dunlap and
then compliments were paid to
Harrison King as chairman of
the campaign committee, and to
various workers. In fact, it was
recognized that the project had
been put over because of the
loyal work of many members of
the group.

Among those who spoke in re-
sponse to Mr. King's invitation
were Henry Frisch, M. F. Dunlap,
J. W. Merrigan, H. E. Wheeler,
Dr. G. H. Kopper, Lloyd S. Reid,
H. D. Dobyns, Joshua Mescon-
bellos, F. E. Gilbert, P. T. Shan-
ahan, F. J. Blackburn, J. W. Lar-
son and Secretary Harold Welch.
One of the points emphasized
was that Jacksonville men are
to be congratulated for putting
on this subscription sale them-
selves. If an outside company
had been secured the cost would
have been at least \$12,000 to
\$15,000 and the people have
been saved this amount.

BUSHNELL MEN PAID VISIT TO CITY

A number of men from Bush-
nell paid a visit to Jacksonville
yesterday. Their special purpose
was to inspect several of the city
churches, but they also visited
various places of interest about
the city. The party included Rev.
Charles Van Vetter, pastor of the
Bushnell Methodist church;
Frank E. Hammel, contractor;
L. E. Browaker, banker; E. G. Rus-
sler, brick contractor, and T. H.
Jackson, farmer.

Some months ago the Metho-
dist church at Bushnell was de-
stroyed by fire and it is because
of the intention to build a new
church that the committee is now
seeking information.

While here the visitors were
entertained at luncheon at the
Pinecock Inn by Rev. M. L. Pon-
tius of the Rotary club, Cole Y.
Rowe, president of the Kiwanis
club, Felix E. Farrell and H. C.
Welch. They were taken on an
automobile trip to Nichols park,
Lake Mauvalsterre and over an
itinerary which carried them over
the principal streets of Jackson-
ville.

The visitors were profuse in
their expressions of appreciation
of the courtesies extended them
in Jacksonville.

FOUND OLD WELL.

Wednesday morning, while the
workmen were excavating for the
new Elliott State bank on the
east side of the square, an old
well, about sixty feet deep was
discovered near the old founda-
tion at the northeast corner. The
well was covered over and about
seven feet of dirt was on top of
the covering.

It is probable that the well
was dug long before the remem-
brance of most of the citizens of
Jacksonville, as the building
which has been razed was one of
the oldest brick buildings on the
square.

COMMITTEE PRESENT AT BAND REHEARSAL

Chamber of Commerce Repre-
sentatives Compliment Boys
on Their Music—Band is Mak-
ing Steady Improvement as
Practice Proceeds.

A committee from the Cham-
ber of Commerce, consisting of
the president, R. Y. Rowe, J. W.
Merrigan, Lloyd Reid, Dr. G. H.
Kopper and Secretary Welch,
paid a visit Wednesday evening
to the Jacksonville community
band and its weekly practice.
The band favored the visitors
with a couple of excellent num-
bers, and the director, J. Bart
Johnson, explained the work of
the organization and outlined
some of the needs. He urged that
the citizens of Jacksonville get
back of the band.

President Rowe, Mr. Merrigan
and Secretary Welch made short
talks, in which they complimented
the members on their music
and also stated that the band was
deserving of the support of the
citizens.

The band has held six rehear-
sals, and its music is steadily im-
proving. The boys are becoming
accustomed to playing together,
and it is expected that the city
and community will have a real
band for all occasions. The band
now has about sixty members.
They are putting in some hard
licks and looking forward to an
opportunity for a public appear-
ance, to show the people what
they can do. The band is using
the third floor of the Chamber of
Commerce building as a practice
hall.

the second time within two se-
asons. Mme. Sapiro has been a
guest at the home of Mrs. Hor-
sbrugh for several days. During
that time she has been much in
college circles so that when she
opened her program she was
greeted by her "friends" instead
of by an "audience."

Her recital in the same hall
during the preceding season had
prepared the way with many of
her hearers for the program of
last night; these were as eager in
anticipation of the pleasure of the
evening as were those to whom
the experience was new.

Mme. Sapiro's beautiful soprano
voice of wide range and great
power under perfect control, was
a delight to her many hearers.
The interpretations of every mood
were brought to the audience a
beautiful impression of the emo-
tion of which the song was born.
The program offered art songs
from many nations—art songs
that became living works of art
in the rendition.

Mme. Sapiro was fortunate in
having her daughter Miss Olga
Sapiro of the College of Music fac-
ulty to aid her by the artistic
playing of the accompaniments.
Miss Sapiro's work as an accom-
panist never gave greater pleas-
ure than on this occasion.

Miss Beatrice Horsbrugh and
Miss Sapiro played Sonatina by
Dvorak for violin and piano with
the finish that the public has
learned to expect when they offer
such a number.

The program was extended by
two encores. A Little Prayer, by
Kennedy Russell, and The Mirror
by Wolf-Ferrare.

It was also altered by the om-
mission of the Tchaikowsky
number for which was substituted,
by request, A Spanish Lull-
aby, by D'Alvarez, which the audi-
ence insisted on hearing a second
time.

Cleveland Wins In Ninth Inning Rally

Take White Sox Into Camp by Scoring Two Runs in Ninth When One Run to the Bad—Kamm Makes Good Debut

CLEVELAND, O., April 18.—One of the largest opening day crowds that ever witnessed an American League game here saw Cleveland make a ninth inning rally and defeat Chicago 6 to 5 today. After Chicago had gone into the lead five to four in the eighth inning, Wamby led off the ninth with a double. Speaker fouled out but Guisto walked and Summa and Sewell singled, two runs scoring. Kamm made his American League debut by handling his two assists cleanly and getting a double out of four times at bat.

Faber, who started the game for Chicago retired in favor of pinch hitter Strunk who started a rally in the eighth which resulted in Coveleskie being knocked from the rubber.

The official attendance was 20,372 about 350 less than the opening day record.

ST. LOUIS, Mo., April 18.—With George Sisler on the sick list, the Browns lost the opening game of the season to Detroit today, 9 to 6. The locals used 17 players, four being pitchers. Kenneth Williams started his home run slugging of the season by lifting the ball into the right field stands in the seventh with Francis on the mound for the Tigers. In the preceding inning Heilmann hit into the right field stands for a homer, scoring Cobb, who had singled ahead of him. Heilmann's four bagger was off Danforth. Mayor Kiel twirled the first ball. The attendance was estimated at 20,000.

WHEAT MARKET RULED LOWER

CHICAGO, April 18.—Notwithstanding that wheat today touched the season's highest price yet for July delivery, the market ruled lower the greater part of the time. Better weather conditions together with absence of any important new export business put bulls at a disadvantage. The close was unsettled at 1 1/2c net decline, May \$1.25 to \$1.25 1/2 and July \$1.33 1/2 to \$1.33 1/2. Corn led to 1 1/2c, oats 1 to 3/4c and provisions 7 1/2c to 15c. With some indications of an improved outlook both for seedling and growth, the wheat market showed a downward tendency at the opening. The fact that Liverpool quotations had made but little response to yesterday's upturn in values here was an additional bearish influence. Nevertheless prospects of crop curtailment this year led soon to considerable speculative buying and to a price advance based also on assertions that grain values had still to be adjusted to the low purchasing power of the dollar. Drifting of the volume of purchase orders in the wheat market set in, however, when May and September deliveries appeared on the verge of following the price record for the season. The advance seemed to have made the market top-heavy and it took but little selling pressure to send values down, especially in the last hour, when advice from the seaboard implied that exporters were holding off and awaiting a downturn in prices.

Corn and oats were bearishly affected by the action of wheat. Liquidating sales on the part of scattered longs was the event in corn despite a good feeding demand.

Provisions went lower in line with hog values.
